

Digital micrometers IP54 with double measuring force

Rugged digital micrometers with an IP54 protection degree (resistant to dust and splash water) and a favourable price-performance ratio. These micrometers have a very intuitive operation because every function has its own button. Furthermore these micrometers are equipped with a double measuring force. The small thimble produces a measuring force of approximately 5 N and the large thimble produces a measuring force of approximately 10 N.

- Measuring range: 0 - 200 mm.
